CERTIFICATE OF ACHIEVEMENT

This certifies that **Parth Bramhecha, Adwait Borate, Shreyas Fatale, Anshul Jethani, and Shreyash Ingle** have successfully developed and delivered an industry-standard product to Rotten Grapes Pvt Ltd. The project was developed with the team's expertise and innovation, aligning with the company's vision for technological advancement.

Project Overview:

The team analyzed the correlation between **Synthetic Aperture Radar (SAR)** and **Normalized Difference Vegetation Index (NDVI)** to enhance agricultural insights. Leveraging machine learning, satellite imaging, and statistical modeling, they developed a system to support farmers, researchers, and policymakers in data-driven decision-making. The project delivered a **web-based interactive platform** for visualization and analysis.

We commend the team's dedication, expertise, and innovative approach in successfully delivering this project. We extend our best wishes for their continued success and impactful contributions in the future.
